Look out for the Equinoctial storm.
The Equinoctial will probably catch the 15th Regiment in camp at Morrow.
Col. Noble will go into camp with the 11th Regiment at Morrow next week.
Next Saturday, September 21st, the days and nights will be of equal length.
Sunday's Equinoctial with a ready sale at this place last Sunday.
The receipt of the Jamestown Fair was \$2500.

Duffey is receiving fresh oysters daily. Call and try them.
Dennis Clark, whose wife died of typhoid fever last Saturday, is also down with the same disease.
A topographical error in a local item in our issue last week, made the Democratic meeting read Thursday instead of Tuesday.
The new veranda in front of the Highland Institute is nearly completed, and is a very handsome improvement.
The weather the past few days has been delightful, and the pleasant days of April, than the usually warm ones of September.
The man who stole Mr. Fielding Shepherd's horse out of his stable during last week, will save himself trouble and mortification by returning the same.
Typhoid fever is becoming alarmingly prevalent in our town. There are at present nearly a dozen cases. If we are informed, correctly, some of which are of the severest type.
Young Turner, who is confined in jail, charged with being one of the men who burnt J. O. Bell's barn, had a burglary last week, and was turned out of the jail.
The Novelty Comedy Company gave half the receipts of one of their nights, at Hillsboro, to the yellow fever sufferers. The fund was thereby increased \$47.75.
Mr. John Foley, a well known stone-mason of this place, died at his residence on North East Street last Saturday, in the 57th year of his age. He was buried in the Catholic cemetery on Sunday. He leaves a wife and children.
Mrs. Clark, wife of Dennis Clark, died of typhoid fever, at her residence on South Johnston street, last Saturday morning. She was buried from Union Chapel at Hillsboro on Sunday, and her remains were interred in Gilmore's Cemetery.

The horns in the choir of the Presbyterian church Sunday School are quite an attraction, and many attend to hear the music, who would perhaps not be induced to go otherwise. Why not add them to the church choir?
Mr. F. J. Picard, who was a candidate for Major of the 11th Regiment O. G., was defeated by only eight votes. Mr. Lee Kendall, of Ripley, was the choice of the Regiment, and we think he will make an excellent officer.
Rev. S. M. Smothers, pastor of the Wesleyan Methodist church, of this place, has been re-appointed for another year, by the Miami Conference, held at Dayton, Aug. 25th. His re-appointment gives satisfaction to the members of his congregation.
When we mentioned last week that the fire steamer was out of order, we did not wish to convey the impression that it was poorly taken care of, or anything of that kind. A small screw was accidentally broken, which was repaired in an hour or two, and the machine now works all right.
"Whisper 'You'll be Mine, Love," is the title of a new song, by the favorite Southern song writer, John T. Rutledge, just published with crimson and gold title-page, by Ludden & Bates, Savannah, Ga. Sent post-paid, on receipt of 40 cents by the publishers.
New Vienna Register: Marvin Higgins, the Republican candidate for Clerk of the Courts of Clinton County, and his wife, visited his father's, Asa Higgins, last Friday and Saturday. Mr. Higgins is a Hillsboro boy, we believe. His father was a resident of Hillsboro some 25 years ago.
Mr. John W. Cox, of Lexington, Ky., formerly a type in this office, was married on Tuesday night of last week to Miss M. J. Taylor, of Jessamine county, Ky., and they are now visiting relatives in this place. They have the thanks of the News Office for a box of cake, and our best wishes for their future happiness.
ADVERTISEMENTS alone won't bring business, unless other things correspond. You must have something of value, you must conduct your business in a business way, your prices must be reasonable, and then add to all printer's ink, and if you don't succeed it will be an exception to the rule, as exemplified by all past experience.
The members of the M. E. church and our citizens generally, are well pleased with the re-appointment of Dr. Pearce to Hillsboro by the Cincinnati Conference. Besides being an able minister, he is a gentleman whose social qualities endear him to the whole community, and should we lose him, his place would be hard to fill.
The Cincinnati & Eastern Ry. now runs its trains to Madisonville, within 4 miles of Cincinnati, where it connects with the Lebanon and Miami Valley Ry. The latter road will be extended to the city in a few weeks, when the C. & E. cars will run over its track. Until then, transfer wagons and omnibuses are used to take freight and passengers to the city.
Bainbridge Chronicle: The S. J. & P. R. Ry. Company has felt the necessity of a suitable tract of land whereon to build depot, warehouse, roundhouse, turn table, water-tanks, etc., and it will only be two more weeks when we will be placed in quick telegraphic communication with the entire country.
Good Advice.
Honor and shame from no condition rise; As well thy partner that go and advance. Just so, let all the ends thou aim at in Thy life, thy life's ends and thy goods of them. To make the path that leads to glory, and to the end of the world.
